

"Praying for Your State" Resources

1. Introduction

2 Chronicles 7:14 ¹⁴if my people, who are called by my name, will humble themselves and pray and seek my face and turn from their wicked ways, then I will hear from heaven, and I will forgive their sin and will heal their land.

"The season we live in is crucial, we cannot back down in our prayers! The Lord told me 2017 was the season of the intercessors, God is raising us up to a new level in Him and we must engage with Him to reach that pinnacle! He has mighty plans for our nation, the captives will be set free and we will witness the hand of our Lord sweep across our land bringing forth His power, His glory, and His might! Intercessors, we must press in harder than ever before and we will gain this victory!The children of God must arise, this Nation belongs to the Lord, declare ye the Word of the Lord! Arise all ye children of God, stand strong, stand firm, and witness the hand of the Lord!" Ricci Wilson 9-12-2017

When the GOE's first began (prior to the battle over the global elite plans), the first assignments from the Lord were to repent and pray over the geographical regions of our nation. The Lord would tell Nita which geographical area He wanted her to go to and when and would then tell her what He had against that geographical region and what needed to be repented of. This took place for about 6 years. There was much repentance for our states' geographical areas that took place in those early GOE years.

Even though much state and regional key baseline repentance was done, there is still much repentance needed. A lot has happened historically plus a lot has transpired since those early GOE days.

This is where you come in. As state and regional leaders in Joel's Army, we must lead the charge to possess and hold the land where we live – our states. Because each state is unique, there are various needs in each one. The stake that is driven into the ground in our states must be firm enough to hold it in the times of shaking.

This document contains a number of resources designed to help you as a State Coordinator or Points Person to investigate those issues that require prayer and are on the Lord's heart...and then to share and pray as part of our Joel's Army.

2. The following are suggested resources to assist in identifying prayer needs for each state

a. **(Book) Releasing the Prophetic Destiny of a Nation – Chuck Pierce and Dutch Sheets**

Releasing the Prophetic Destiny of a Nation is the remarkable story of how God called two very different men to come together for a common cause: His desire to heal the United States of America.

Endowed with God-given keys for reconciliation of the United States, Dutch Sheets and Chuck Pierce in 2002 traveled the 50 states rallying apostles, prophets, intercessors and entire churches to break the grip of demonic strongholds.

Reviewing the following comments below from those who have read this book provides an understanding concerning many of the issues resident in our respective states.

If you are a person of prayer. If you pray over areas of the country... this is a great resource. It has a prayer strategy over each state, insight in to historical events and other factors that are critical in praying for breakthrough for your state and the areas God directs you to intercede for. AWESOME!

These are the recorded context of two men who traveled to our nations state capitols to reveal the heart of God regarding each state. If you are open to the prophetic nature of Christianity and have a love for our nation this book will grip your attention.

For those who pray and want information on each state and how to intercede for our nation this is a must.

So interesting to read the prophesy of my state and begin to decree it!

Note: Copies of this book are available on Amazon, or if you are a state coordinator or points person, please request a copy by contacting Ricci or Karen at WFJM 559-435-2423.

b. (Book) Redeeming the Land - Gwen Shaw

Useful for repenting on the land of battles with Indians, breaking of treaties, human trafficking, and race riots. Take a few intercessors to the land and pray over it as Gwen Shaw suggests. This may be a useful resource for prayer walking, mapping, and trips in general. See the list at the back of the book for suggestions for how to pray over the land.

Gwen Shaw founded ETH-End Time Handmaidens/Servants many years ago. They have a website with resources, trips, & other links.

Redeeming the Land can be ordered directly from End Time Handmaidens <http://www.eth-s.org/> and it is much cheaper than ordering from Amazon.

c. (Link) Native American Boarding Schools

The treatment of the Native American children is the root of human trafficking. Google: **Native American Boarding Schools + enter your state (i.e. Native American Boarding Schools Pennsylvania)**. This will lead you to find the (1) number of schools, (2) their location, (3) who ran the schools (Federal Government, Catholic Church, Quakers) and (4) what happened to the children at the school (suicides, disease, malnutrition, abuse, sexual abuse).

d. (Organization) Family Policy Alliance www.familypolicyalliance.com

Family Policy Alliance has an organization in almost every state. The Alliance was started by Focus on the Family and resides in Boulder, CO. They stay current on all issues that affect the family in each state and specifically focus on religious freedom, life, family and related issues.

Their **Citizens' Voice** helps pro-family Americans to raise their voices in support of legislation that protects their families. They help people of faith understand the issues and engage their spheres of influence with truth! This grassroots activism is the core ingredient to cultural change.

e. (Organization) George Otis – Transformations <http://www.sentinelgroup.org/>

Lynch, Kentucky. A community bathed in mist & shadow on the woody margins of Harlan County. A town where 10,000 people once gathered from around the world to extract high quality coal from seams

underneath Black Mountain. A mining operation that set world records, and fueled wartime steel production.

But it was not to last.

Another war set in ... the war on coal. Decisions made from afar devastated Appalachia, putting thousands of men out of work. As the drills, conveyors, and whistles went silent, community porches and meal tables were emptied of life. Christmas lights blinked out, and summer parades were no more.

In time, the community's complexion was marred by rusting mine equipment, broken windows, and collapsed roofs. Drugs and rain seeped in, whole hope for the future seemed to trickle out on the silt-laden waters of Looney Creek.

Only it didn't. Just when Lynch's story looked like it was ending, things started to get interesting. **Behind the scenes, a handful of desperate prayer warriors would not let go.** "And things occurred that had not happened in 40 years because people prayed."

It all started with faith, *and a little cookie dough.*

f. **(Organization) Congressional Prayer Caucus Foundation** <http://cpcfoundation.com/>

"There is a concerted effort to remove God from our culture, and negate the influence that the Christian faith had on establishing the principles upon which our liberties are secured.

This has created an environment where the facts regarding the role Judeo-Christian principles play in establishing and maintaining a free Republic are being eliminated.

We are creating a movement to reverse this trend. You can join by taking action on the issues outlined here."

CPCF tracks issues in many of our states that are targeted to remove God out of our culture and to reduce our freedoms. Some extracts from their website follow below.

Will you hear the call, and be an Esther . . . "you have come to the kingdom for such a time as this" Esther 4:14 Is a call to prayer for Christian women, those who have the heart to meet with God and encounter his presence.

The vision of Lydia was born out of Acts Chapter 16. Lydia was a worshipper of God. She opened her heart and her home to the work of the Lord. "Lydia's open heart is reflected in her openness to pray, to learn God's word and minister to others. These three functions later became the main objectives of the Lydia Fellowship...PRAYER.....BIBLE.....STUDY AND MISSION OUTREACH." Shelagh McAlpine

4. Example Prayer Point for All States

- a. This article serves as a good tool to educate the intercessors and also contains information for developing a prayer point (nullifying the perversion (reengineering) of congressional district maps to subvert the will of the people, influencing secretary of state elections, for election law purposes, local attorney races, etc.)
